

Welcome to the

STANLEY GOLF COURSE

# Teaching & Coaching Academy

**Kyle Hedstrom**  
HEAD GOLF PROFESSIONAL

## About the facility:

Stanley Golf Course offers a state-of-the-art driving range designed to allow both the serious and casual player to experience real course simulation. Several target greens at varying distances provide many options for players when practicing. In addition, our newly designed putting and chipping greens with an added practice bunker, will allow golfers to practice all

parts of their short game. Of course, let's not forget 27-holes of championship golf followed by a visit to Whinstone Tavern.

The Teaching and Coaching Academy is prepared to help you improve your golf game. A private teaching area away from the main driving range will make for fewer distractions allowing the student a better chance to absorb information. Additionally, with assistance from the latest in video swing analysis software, our staff is prepared to give each student a "better" look at their golf swing and ways to improve it.

The Golf Shop at Stanley Golf Course offers customers an assortment of golf items, ranging from brand name golf equipment, golf balls, shoes, and apparel. Our courteous, professional staff at Stanley Golf Course awaits your arrival, whether you are looking to take a lesson, find the first tee, or get information about Stanley.

As Head Golf Professional at Stanley Golf Course, I invite you to come visit us and experience the many opportunities to enjoy a piece of the game we all love.

See you soon,

Improve your game at Stanley

### GROUP LESSONS OR CLINICS

Group Lessons or Clinics are available  
throughout the golf season.

#### Check Golf Shop for Schedule.

Group Lessons come in a package of (4) one hour sessions  
with groups consisting of 8-10 people. **99.00**

### Form Your Own Group

*Times and Schedule can be designed  
to fit your needs or join one of our  
pre-scheduled clinics.*

### THE SHORT GAME SCHOOL

#### *How to truly lower your scores:*

Learn and develop the shots necessary to lower your scores and your handicap. Work on chipping, putting, sand play, and mid-range pitch shots. Learn how and when to use these shots, the drills to master them, and watch your scores drop.

#### **(3) 45 minute Sessions**

*Head Professional* **150.00**

*Assistant Professional* **120.00**

### PLAYING LESSON

#### *How to take that practice swing to the Course:*

If you have trouble taking your practice range swing to the golf course you are not alone. Give our professional staff a chance to see first hand what changes when you move to the course. Our professional staff will work on all aspects of playing during your lesson. These include pre-shot routine, course management, short game, and the mental approach. It is recommended that a player schedule a private lesson with a professional prior to a playing lesson.

#### **1 hour Playing Lesson**

*Head Professional* **80.00**

*Assistant Professional* **70.00**

## *Things to know about taking a lesson!*

### YOUR APPOINTMENT

It is recommended that all lessons be booked in advance to assure availability of instructors. Please call **860-827-8570** to schedule your lesson. If you cannot keep the appointment, please call and cancel as soon as possible. *You should arrive 10 - 15 minutes prior to your lesson to give ample time to warm up.*

### PLEASE BRING

Bring your own golf clubs. We understand that many students may not have their own clubs, so we will provide them for you during the lesson if necessary. If you do not own clubs, your professional instructor will suggest clubs that will properly fit you. **Wear golf shoes or sneakers.**

### YOUR EXPECTATIONS

Please be aware that the excitement following a lesson is high and natural. Please don't expect all of your problems to disappear after one or two lessons. The golf swing takes time to develop, and in some cases more time to un-train and redevelop. Our professional staff is confident we can improve your swing and your golf game, but it is very important to stay patient.

*Dedication and practice are  
essential ingredients to  
improvement.*
